**Technology**   2018-08-20 14:08:56

Washington, DC (CapitalWirePR) August 20, 2018 – Dialogue on Diversity presents its 2018 Entrepreneurship and Information Technology Conference this September 7th from 11am to 2:30pm in the Rayburn House Office Building, Banquet Room 2043, in Washington, DC.

 The strange New   Furniture and the Inviting New Lights of a FreshNovelEra —these areYour Invitation.What istoday'sEntrepreneurship?.. .the Plans. . .theStyle. . .the Rewards

- Is it ever too early to learn the secrets of   STEM ?—or STEAM!

- Is it Ever too Late   when young people resolve to learn the rudiments of Science and Mathematics?

- What is   Codingin the mysterious world of computers?When is it time to wake up and start on the exciting road to*Coding* expertise?

 What are the choice forms of business organization?    Partnerships,S-Corp, or the storiedLLC :the lithe new body that that is transforming the structures ofthe business world.

- Is the Best Enterprise the one that works hand in hand with the Special Style and Language and Techniques of Cross-Border Partners?

- How can the small enterprise be part of the Information Technology Revolution?

- What is the Internet   ofThings?[YourIoTSystem]Can the functions of inventory management,finances, marketing, and Product Design be part of a large – your own – Internet of Things Network?
