AUSTIN, TX — At their regular membership meeting on Friday, December 13, 2019, the Association of State Democratic Committees (ASDC) passed a historic resolution in support of making the District of Columbia the nation's 51st state. The resolution was introduced by DC Democratic Party Chairman Charles Wilson and passed by a unanimous vote. The resolution affirms that DC statehood is fully supported by each state Democratic Party organization.

Chairman Charles Wilson released the following statement in response to the resolution's passing:

"The passage of this resolution is an enormous win in our ongoing fight for statehood. Having the approval and support of our nation's state Democratic Party organizations will be crucial in our grassroots movement to make the District of Columbia the 51st state.

"I would like to thank ASDC President Ken Martin for holding a vote on this crucial resolution and seeing it through to passage. With the support of our Democratic state-level organizations, we know it is only a matter of time before full voting rights are granted to residents of the nation's capital."
